AXIOM^{3D}

Subscribe to InSite Analytics and purchase a Riddell Sideline Device to access the valuable impact data collected from the InSite Player Unit installed in this helmet.

INSITE SMART HELMET TECHNOLOGY

This innovative impact sensing and reporting system collects and transmits impact data from the field and comes standard in all Axiom helmets.
Learn more about InSite Smart Helmet technology on pages 14-17 or visit Riddell.com/InSiteAnalytics.

3D-PRINTED VARIABLE LINER COMPONENTS

Digitally designed, 3D-printed, high performance, impact absorbent and tunable lattice components that underscore a commitment to player protection.

TRU-FIT™

A unique combination of interior liner pads work together to create a personalized fit and protection system. **Learn more about this technology on pages 12-13.**

PROPER FIT

Riddell InSite Analytics alerts the sideline to significant single or multiple impacts that **MAY** result in a concussion. Riddell InSite Analytics is **NOT** a medical device. Riddell InSite Analytics is **NOT** a protective device and it does not protect against injuries. **Riddell InSite Analytics does not diagnose concussions and is not intended to be used as a diagnostic tool.** Refer to the instruction manual for recommended usage.

WARNING: NO HELMET CAN PREVENT SERIOUS HEAD OR NECK INJURIES A PLAYER MIGHT RECEIVE WHILE PARTICIPATING IN FOOTBALL. Do not use this helmet to butt, ram or spear an opposing player. This is in violation of the football rules and such use can result in severe head or neck injuries, paralysis or death to you and possible injury to your opponent. Contact in football may result in **CONCUSSION-BRAIN INJURY** which no helmet can prevent. Symptoms include: loss of consciousness or memory, dizziness, headache, nausea or confusion. If you have symptoms, immediately stop playing and report them to your coach, trainer and parents. Do not return to a game or practice until all symptoms are gone and you have received **MEDICAL CLEARANCE.** Ignoring this warning may lead to another and more serious or fatal brain injury.
